U. S. BRIG ADVANCE, June 24, 1850. Whalefish Island, western coast Green-

land, lat. 68 59 N., lon. 53 13 W. We arrived here this morning at 9 o'clock, after a passage of 32 days from New York, which was rather long, owing to unfavorable

On our arrival here we found an English surque at anchor; she is a store ship, having ought stores and co.! out for the squadron which by the way, sailed from here yesterday. consisting of two barques of 300 tons each carrying sixty men, and steamers of about 100 tons each, with from forty to fifty men; they WHIGS OF SANDUSKY COUNTY are all bound in search of Sir John Franklin. The barque sails in a week for England, which that we should be doing something in the way of organ in sending letters thus far, for I boarded a vessel off Newfoundland ,bound into St. Johns, about the 1st of this month. We have all should indolence and supiners be found alone in sive burial service of the Episcopal Church, Johns, by steamer to Halifax, and from there and ORGANIZE!

to the United States.

After leaving N. Y., we kept company with the Roscoe, by keeping under short sail until the 19th ult., when, finding it impossible for her to keep up, we made sull and lost sight of her in a few hours. The days, after we left New York, gradually grew longer until the 16th of this month, (in lat. 60 50 N.) when we could really say we had constant day, so much so, that we were able to steer without lighting the binnacle lamp, a thing I never saw before -but now we have sun shine the whole 24 hours; we hav'nt got use to it yet, and hardly know when turning in time comes. no idea how strange it appears to come or deck at midnight (or rather what ought to be midnight) and find it broad day light. We still discriminate one twelve hours from another, and appropriate the part we call night for sheeping or rather a portion of it.

After leaving the coast of Newfoundland we fell in with no ice until we were about to oke the coast of Greenland, when we found the icebergs in great numbers. We made Democratic Convention, which assembled in Co Greenland on the 21st. It certainly is the most dismal,rocky,barren country, lever saw or of Ohio read and remember them: and such large bergs, that we had to keep strict watch to steer clear of them; however, we managed successfully, and came into the harbor of Whalefish Island, with a fine breeze and anchored at 2 o'clock. I expected to find omething of a town, and when we came in I asked where it was, and was shown two shanties and half a dozen Esquimaux mud huts .-In one of the shanties the governor lives; he is a Dane, sent out by the government, as a kind of missionary, &c.; he came on board this Constitution of the United States, to make all pay

The Esquimaux are ugly and greasy. Men women and children, all dress alike, in sealskins. Their dress is a short jumper, with a hood for a cap, pantaloons coming down to the calves of their legs, with boots to meet; all made of scalskins, with the hair on; we are each going to have a suit before we leave. I morrow the doctor and I are going to Luiely small town on the Island of Discoe, about 25 miles from here, to see what information we Hard Money Report of the Currency Committee in the

Superlatively Ridiculous.

The most superlatively ridiculous thing late witnessed in these parts, is the action of the Directors of the Junction Rail-road company, Again, by the express letter of their charter, Fremont is not only made a point but the ter-minus of their road! Notwithstand all this, the arrogant Junction Directors have refused to make Fremont a point, except upon certain conditions! This, however, is only of a piece with their hot hast in pretending to let con-We are sorry that Senator C. N. Olds tracts from Elvria to Sandusky, before their has felt it his duty to resign his seat in the estimates and surveys are made, or at least comsenate. No one was more beloved, was more pleted, clearly and evidently with the view to respected, or whose absence will be more refrighten us from pushing on our road. gretted by all parties. A gentleman in the our route over theirs, and the imminent danhighest and best acceptance of the term, his ger in which they are placed, which sufficiently explains and accounts for the desperation of our Sandusky neighbors. If the lake shore route is really so much more feasible than ours, as some of its friends so boasfully pretend, why such precipitation? Why not complete to the government his resignation as a senator in the Ohio legislature.

We regret that illness in the family of Mr. Olds has compelled him to take this course. During the recent stormy proceedings of the During the recent stormy proceedings of the large the recent stormy proceedings of the large that the large the recent stormy proceedings of the large that the large that the large transport in the very best evidence now to large the recent stormy proceedings of the large transport to the large tran legislature, Mr. Olds rendered efficient services and proved a reliable advocate of law and or- at least \$200,000 more than ours!
